USURPADORES MORTECINOS

Carroñeros en mi cena !  
Son cuervos, y sin escrúpulo,  
Comen!, aunque soy veneno,  
La Muerte!, accedió a mi mesa.

## SINOPSIS

Judas Riot ha comprendido el Suicidio como su elección de Albedrio. Se ha comprometido consigo mismo firmando su decisión con sangre.

Ha elaborado un Código de Procedimiento que le garantice el acceso consciente, en la Muerte. Sin embargo, Judas Riot desconoce que es objeto de espionaje.

Sus anotaciones y acciones futuras, mostrarán si tiene el coraje necesario para cumplir su objetivo. Ha establecido como plazo para ejecutar su propósito, octubre de 2041.

## Consideración

Judas Riot escribe con tinta *roja*, en idioma Inglés.

## ReMiNDeR

*"Not even the one who created me,. . . with all the power and spirit of him. . . with all the majestic and creative display of it. . . or the love and peace that he has hidden for me. . . has the Power, or the Authority, to impose itself over my decision "*

*[ Ad Nauseam, human contradictions ]*

[Cuaderno. Página 3]

*It's impossible. iYou can't live like this!*

*I have decided!*

*I will try to arrange my affairs.*

*I m going to free myself from this existence intervened in approximately twenty  
(20) years, damn it if I die before if I lose control of this objective.*

*I don't back down!*

*No matter what happens, no matter who comes into my life, no matter if the  
creator remembers and decides to repay me, "I am not selling myself for a plate of  
lentils".*

*iI do not back down for a temporary relief, a deception!*

## VOICE OVER

Judas Riot descansa en una silla de concreto localizada en una zona pública.

Se haya destruido psicológicamente, vacío, y con su existencia interna miserable. Desempleado, con todos sus proyectos destruidos e intervenidos.

Físicamente cansado de caminar una distancia considerable, con el sol ubicado en el Zenit a 30°C de temperatura.

En el suelo observa un conjunto de hormigas movilizand recursos, trozos de hojas y migajas de pan que parecen camuflarse bajo la sombra del tronco de un árbol proyectado por el asolamiento.

Se encuentra descansando en un lugar concurrido, aledaño a una vía principal. Los vehículos automotores avanzan a 60 km/h aproximadamente.

El descanso de Judas Riot es meramente físico, la contaminación auditiva y el smog impiden la concentración y el sosiego, sin mencionar la amenaza constante de la inseguridad del sector.

Sube la manga de su mano izquierda, y revisa la hora en su reloj.

Observa las 12:30Hrs del 31 de octubre de 2001.

No ha almorzado, se encuentra lejos de casa.

[Sentado en la silla de concreto, escribe. Página 4]

*In twenty years I will commit suicide!*  
*Until then I will investigate all forms of suicide.*  
*In the same way, I will investigate the supersensible effects that this decision may*  
*cause me when I enter death.*  
*I will choose the most appropriate way and avoid being punished for those phantom*  
*fears that religions teach, even if they are true.*  
*Yes, I have to investigate!*  
*I hate life!*  
*I don't want to reincarnate!*  
*Twenty years from now!*  
*I am no longer a slave to the constant intellectual assault that reminds me of the*  
*destruction of my projects.*  
*It shows me in my face that I am living a lost life.*  
*No matter the moral advances or the rewards for a life of suffering, I will never be*  
*a martyr, detestable role.*  
*I will investigate the consequences, I am Noble, I am man.*  
*You will witness my death!*

## VOICE OVER

Judas Riot alza su rostro y observa a un sujeto que se le acerca con actitud de burla.

Judas Riot desconoce que el sujeto forma parte de los individuos enviados por una organización que estableció persecución en su contra, desde hace años.

La sugestión es constante, forma parte del estudio psicoanalítico nocturno.

Es complicado saber si Judas Riot habla en serio.

Podemos hacer nuestras averiguaciones en forma Psicoanalítica, Psicológica o Psíquica, sin embargo, Judas Riot ha aprendido a prescindir de proyectar sus pensamientos; ahora, genera recordatorios, borra temporalmente sus deseos y objetivos para que sus enemigos consideren que han limpiado su escena de crimen Mental!

Me limito a transmitir sus escritos y lo que observo.

*I establish as the main purpose for the rest of the time that I have left on this earth, to adapt in the best way my life suicide, in an approximate period of twenty years (20) years.*

*To make my decision firm, I will keep in mind the following Personal Code:*

- 1. Understand Suicide as my choice of Will.*
- 2. Keeping myself alive to commit suicide in an approximate time of 20 years.*
- 3. Never give in to anything or anyone.*
- 4. Celebrate each birthday, internalizing the significance and legitimacy of my decision.*
- 5. Take advantage of the time to establish facts or the generation of transcendent resources.*
- 6. Strive to leave an intellectual or material legacy.*
- 7. Do not retract.*
- 8. Investigate all known forms of suicide and anatomy, allowing me to choose or invent a new form.*
- 9. Do not join any creed.*
- 10. Do not accept meddling, offers, or spiritual initiations that go against my will.*
- 11. Investigate supersensitive and post-mortem consequences and how to counteract them.*
- 12. Do not share this decision.*
- 13. Do not test my decision.*
- 14. Do not provide explanations.*
- 15. Do not involve anyone.*
- 16. Leave everything fixed.*
- 17. Have no offspring.*
- 18. Establish blog.*

**VOICE OVER**

Judas Riot se levanta de la silla y emprende su camino a casa.

November 10, 2001 – Night

*Submerged in the despair of this existence that I despise, I choose as a life project, for my remaining time on this earth, the Suicide of my vital body, which is the only thing I can control.*

*I am near death age, and my life plan has been destroyed.*

*Regardless of the motivation that the coming years offer me, it is not going to mean that I back off on this project.*

*I am destroyed!*

*This is hell!*

*The Celestial Being does not care about me.*

*If it was the creation and possession of it, it would not be going through these conditions, therefore, the reason tells me:*

*Does not exist!*

*He does not care about me!*

*He abandoned me!*

*It must involve reciprocity on my part.*

*Twenty years of investigation of causes, effects, forms, and everything that concerns disappearing from this corporeal existence.*

*However, I must avoid any form of additional suffering or punishment for my decision, in the afterlife! I'll secretly set up a blog of findings.*

*No one should see what I write!*

*NOBODY!*

*Twenty years to commit suicide, and deliberately separate me from the one who created me! My condition shows that I am not part of its purpose.*

*Why should He be part of mine?*

November 14, 2021 – Night

*Great!*

*I check the Sunday Newspaper and it turns out that a stupid Writer in Spain has decided to publish a Literary Novel.*

*The man has not published anything for the past five years. The interesting thing is that the main character in his work also establishes a deadline to commit suicide.*

*-DEADLY USURPERS-*

*Scavengers in my dinner !*

*They are ravens, and without scruples,*

*They eat !, although I am poison,*

*Death ! It's acceded to my table.*

*. . .*

*Suicide fuck seems to be all the rage !*

*Stupid Writers !*
